academic and professional leaders from a range of discipline areas critical to the [illegible]

[illegible] investing in [illegible] study missions were core to maintaining a world-class, internationally competitive university.

"Universities are part of a global community and if we are to be among the best in the world, we need to do more than only talk about it. We need to be establishing partnerships that enable an exchange of knowledge," Chancellor Field said.

"It is not only diversity and [illegible] these relationships [illegible] we have an obligation [illegible] both our benefit.

"[illegible] the biggest [illegible] 100 years in [illegible] institution of world-standing and renown.

"We [illegible] every year in [illegible] international travel, [illegible] ic [illegible] international education for Tasmania, a market we intend to grow in partnership with the State Government to $400 million.

"We see a future in which a core pillar of the Tasmanian economy is the export of high quality, world-leading higher education at associate degree, undergraduate and post-graduate levels."

Similar visits have been key in informing the thinking behind the [illegible] bold $300 million transformation plan, which includes the [illegible] le and regionally relevant.

"The ability to come and look at some of the very best working models of these [illegible] principles is the US and elsewhere has allowed us to move to the point of being able to place our ideas on our time and on our terms. It ranks as possible that have been otherwise," Chancellor Field said.
